IMPORTANT NOTE FOR COURSE PRICING			
<p>Because we specialise in creating custom tailored training, many of these courses can be combined depending on the student's specific needs. These combination courses will often be more economical than the costs of the courses separately.</p> <p>The prices above are there to give an indication of costs, we will quote you on your custom training progression after consultation with you. Other courses are also available on enquiry.</p> <p style="text-align: center;">Generally, course prices exclude e-learning.</p>
